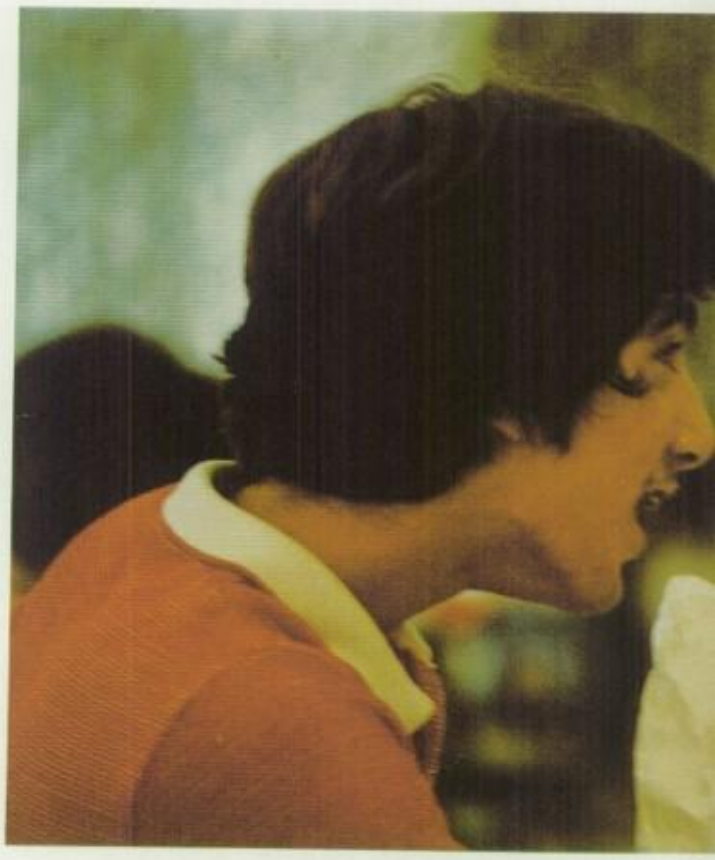
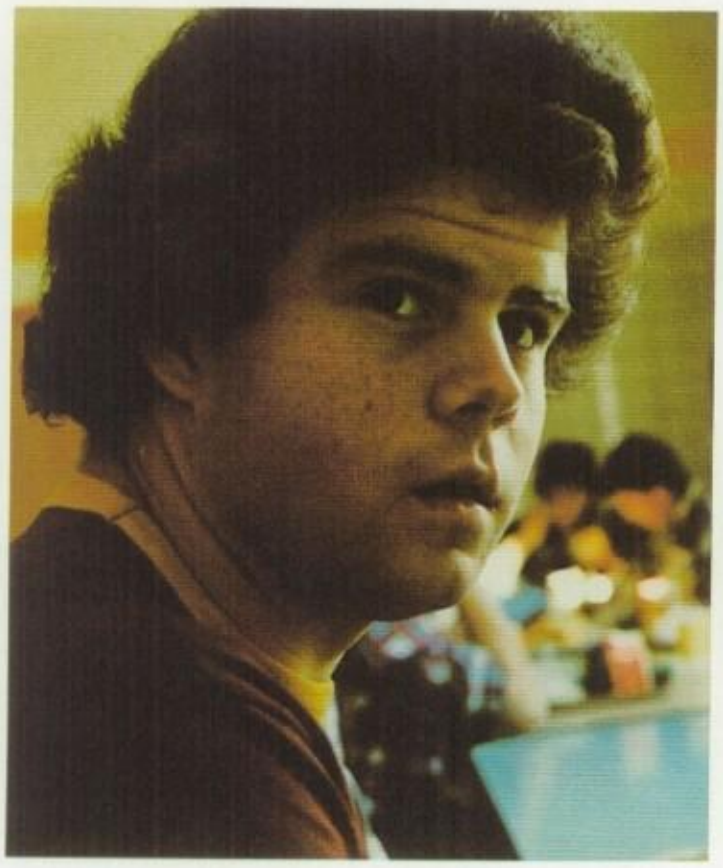
GRABBING A BITE TO EAT





Caldron asked Hector Heights what he thought about the cafeteria this year.

Caldron: Excuse me, Hector, could you answer a few questions?

Hector: I suppose, but make it quick, I'm in a hurry.

Caldron: Sure. What do you think of the cafeteria this year?

Hector: It's a great place to go for quiet study.

Caldron: What about the food, the meal plans, and the service?

Hector: It's unique.

Caldron: Is that all?

Hector: Yup --except for the french fries.

Caldron: What about the french fries?

Hector: Well, it's those new cups they're served in.

Caldron: Oh?

Hector: Yeah. By the time you get to the bottom of the cup, you have so much oil and salt on your knuckles, you can lick your fingers and taste lunch all the way through Chemistry.

--The best idea they ever had was to charge for salt.

Caldron: That was a *good* idea?

Hector: Sure, now I don't have to worry about oversalting anything. That's worth the penny.

Caldron: Are there any changes you'd like to see?

Hector: Yeah, those sporks have gotta go.

Have you ever tried to eat runny jello from a spork?

--Excuse me, I really must go eat lunch.

Caldron: Certainly, enjoy it. Are you buying the Special?

Hector: Are you nuts? I'm going to McDonald's!

HOMECOMING

Homecoming Day, October 13, began with a parade of floats down Cedar Road. Choir, unit A, and unit C won first, second, and third prizes respectively. Homecoming queen was Tricia Mooney and king was Ron Williams. The Homecoming dance that night finished off a fun-filled day. The G-98 rock on dance was Heights High's most successful ever, with five hundred people attending.

INTERSESSION 1980

Intersession 1980, held on February 15, was a day sponsored and organized by Student Council. Intersession was a chance for students to sample areas of study which are not a part of the regular Heights curriculum. Staff members and guest speakers conducted classes on such diverse topics as bread making, juggling and various arts and crafts. Guest speakers scheduled to appear were Judd Hambrick of T.V. 8, Debbie O'Donnell of 92 Rock, representatives from the Hyatt Legal Clinic, Suicide Prevention Center and the United States Armed Forces. The traditional Roman Snack Bar and M105's Music Machine also participated.

Chairperson for Intersession was Rima MaCrae. Student Council president Danny Sands, advisor Lee DiGeronimo, and the entire Council should be commended for their efforts in bringing the unique experience to Heights.

MARCHING BAND

After a week of band camp in August, Marching Band was well prepared for their half-time performances at the four home football games. Drum major Pete Conces and Sergeant Bob Rosenbaum led the band on the field, in the stands, and even through the locker rooms. Majorette Daria Ramey, the most skilled baton-twirler Heights has had in a ong time, was seen twirling flaming batons and other such things. The year's highlight was the final game against Shaw. The marching band also participated in the University Heights Memorial Day Parade. A cookout and hayride at Siedel's Fun Farm turned out to be a great day-especially for senior Bob Malkin who was bitten by a goose.

ORCHESTRA

The Heights High Orchestra's participation in a joint P.D.Q. Bach concert with the Choir was one of the highlights of a busy year. In addition to their regular concert schedule, the group traveled to Akron University for state competition. The orchestra gave two children's concerts for area youngsters, and several of the orchestra's members were selected to perform in the All-Ohio Orchestra. The group's director, Robert E. Bergantino, is in his eleventh year at Heights.

WIND ENSEMBLE

The Heights High Wind Ensemble, a new edition to the Instrumental Music Department, was successful in its first year. The Band, consisting of forty-eight members, replaced Symphonic Band as the top performing group. The tradition of excellence has continued and expanded with this group as they kept a very busy schedule during the year. The group performed several times in the Dina Rees Evans Center for the Performing Arts. While not preparing for concerts, the Wind Ensemble worked on music to perform at the annual OMEA District Band Contest. The highlight of the year was their spring tour to Williamsburg Virginia. The Wind Ensemble, along with Jazz Ensemble spent five days touring the historic city and performing for area high schools. The Director, James W. Bane, was pleased to direct the Ensemble and hoped that the group would be as successful in the future.

JAZZ ENSEMBLE

The 1980 Jazz Ensemble made its first school appearance in the Center for the Performing Arts on February 14 in front of a large, enthusiastic audience. Playing such favorites as *One O'Clock Jump* and *Spain*, the group placed new emphasis on the ensemble rather than the soloists. In spite of this fact, many outstanding improvised and written solos were recorded throughout the year. Other appearances included the Beachwood Jazz Festival, the Spring Tour with the Wind Ensemble to Williamsburg, and the annual *Jazz Nite* in May.

GOSPEL CHOIR

The Gospel Choir, headed by William Tarter, had another successful year. The fifty members, including a pianist and an organist, met twice a week after school to rehearse. They gave two concerts at Heights High as well as performing at Senior Citizens homes, schools, churches, luncheons and banquets. They also sponsored two dances at the Highschool.

HEIGHTS SINGERS

The Heights Singers, under the direction of William D. Thomas (right), maintained their reputation of musical excellence. Their production of Brigadoon, featuring Diane Julin, Kevin Margolis, Karen Oster, and Joey Mendes, was highly successful. The proceeds helped to finance their spring tour to Toronto. In addition to their annual winter and spring concerts, the GGC-MC entertained at the Cleveland Heights Home and Garden Show and the Third Annual Brotherhood Awards Night at the Masonic Temple. The Girls Glee Club participated in the Choral Festival held at Mayfield Heights High School. The hard work and dedication of the Heights Singers made 1979-1980 a superb and rewarding year.

BRIGADOON

"Brigadoon," presented by the Heights Singers was the fourth musical production under the direction of William D. Thomas. The musical is about two Americans, Kevin Margolis as Tommy Albright and Joe Mendes as Jeff Douglass, lost in the woods who come across Brigadoon, a village which appears every 100 years. In the village of Brigadoon Tommy Albright falls in love with Diane Julin, as Fiona MacLaren, and Jeff Douglass falls in love with Karen Oster, as Meg Brockie. Members of the Instrumental Music Department also played an integral part in the program.

P.D.Q. BACH

This year's musical by the Heights Chamber Choir, directed by Mr. Dietrich was "An Evening of P.D.Q. Bach." Some pieces performed during the musical were *The Seasonings,* and portions of *The Stoned Guest.* The leading roles were played by Ann Adams, Ben and Charlie Evett, Steve Levine, Barry Martin, Becky Miller, Jane Woodring, and Tammy Zlotnik. The Cleveland Heights Orchestra, directed by Mr. Bergantino, contributed to the successful program.

CHOIR

Craig Dieterich, the new director of the Heights High School Choir, has a lot to be proud of after his first year at the school. The Choir gave three successful performances: a Spring Concert, Winter Concert, and "An Evening with P.D.Q. Bach." The group participated in the District Competition and also held a recording session.

The well-travelled Choir went to Ottowa, Canada over Spring Break and to Albion, Michigan for a choir festival. They were well received everywhere they performed, and continued to leave behind a good impression of Heights High. It was a very productive year for the Heights Choir and the first of many for Mr. Craig Dieterich.

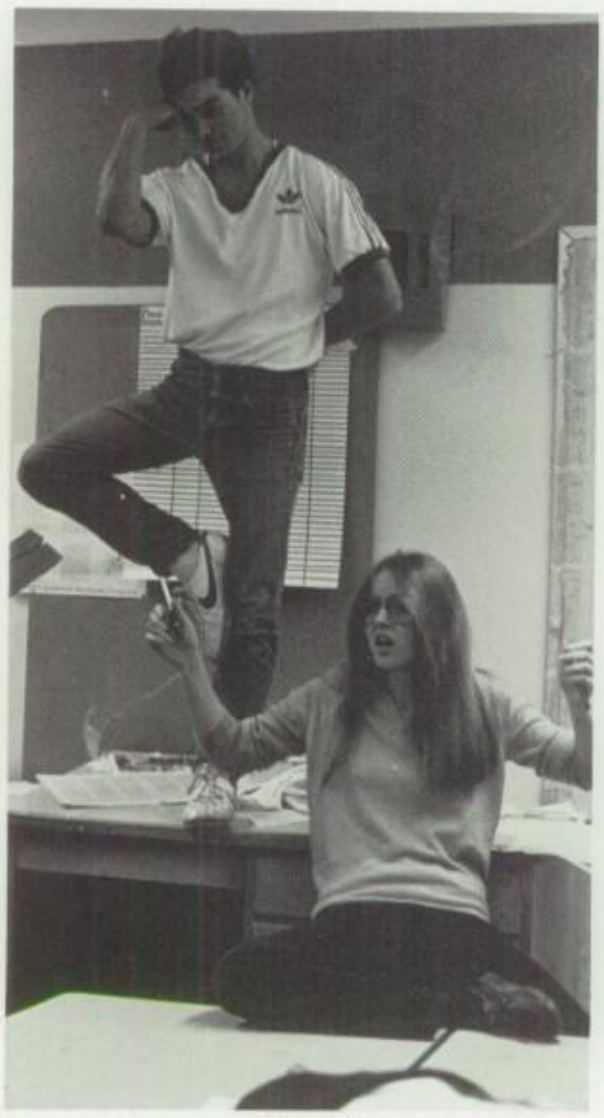
CALDRON

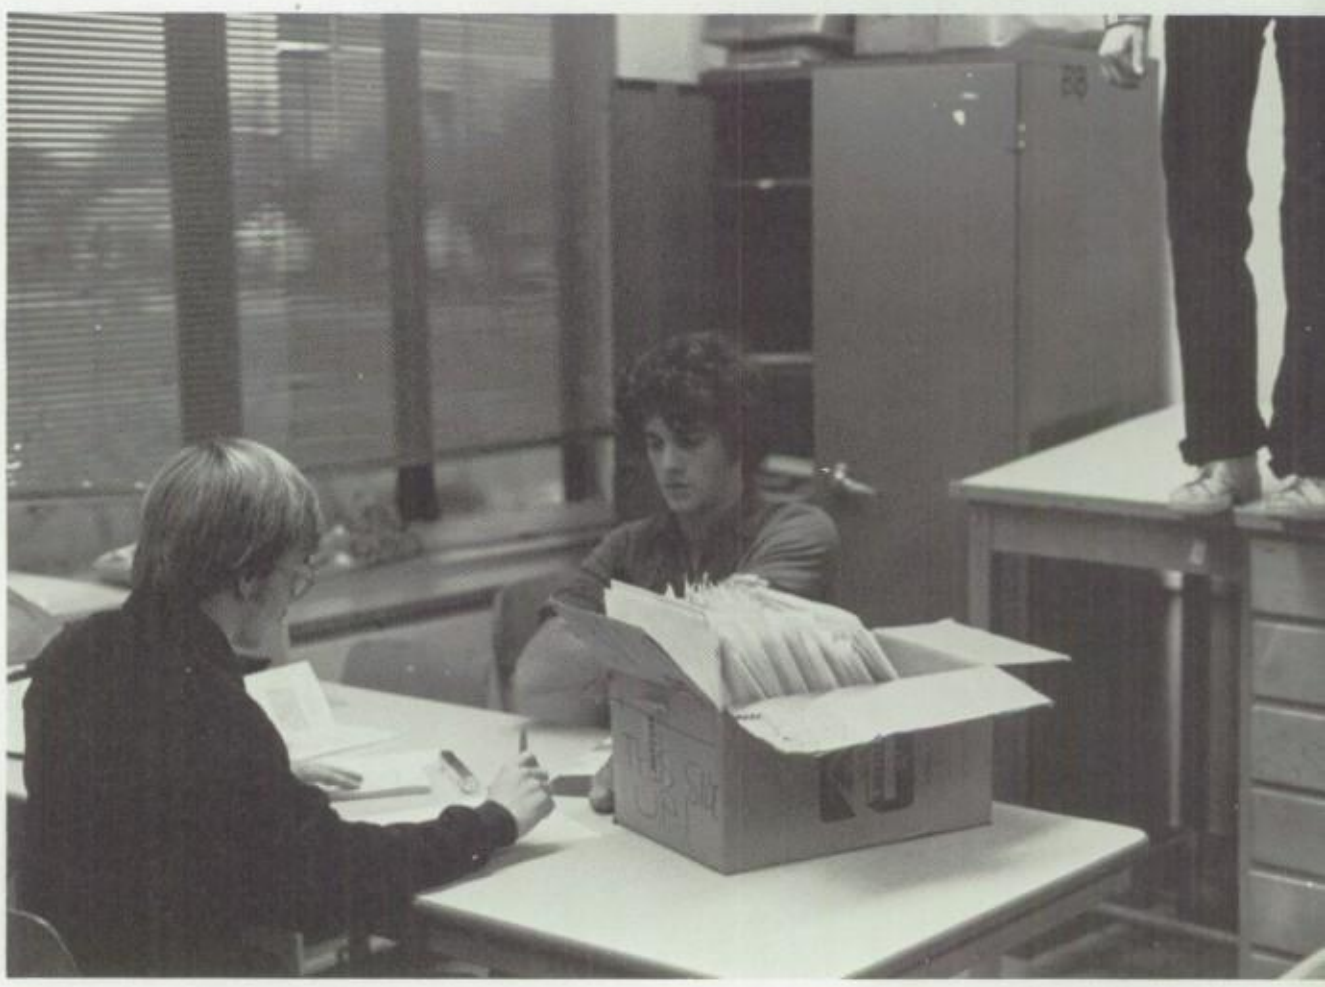
The 1979-80 Caldron Staff, consisting of the schools's most gullible individuals, had hard but successful year. *Where's Lou?* The main purpose of the staff was to buy T shirts for themselves, but when problems arose in this matter the members decided almost unanimously, to produce a yearbook in their spare time instead. *Mike, if yo quit once more, you're fired*

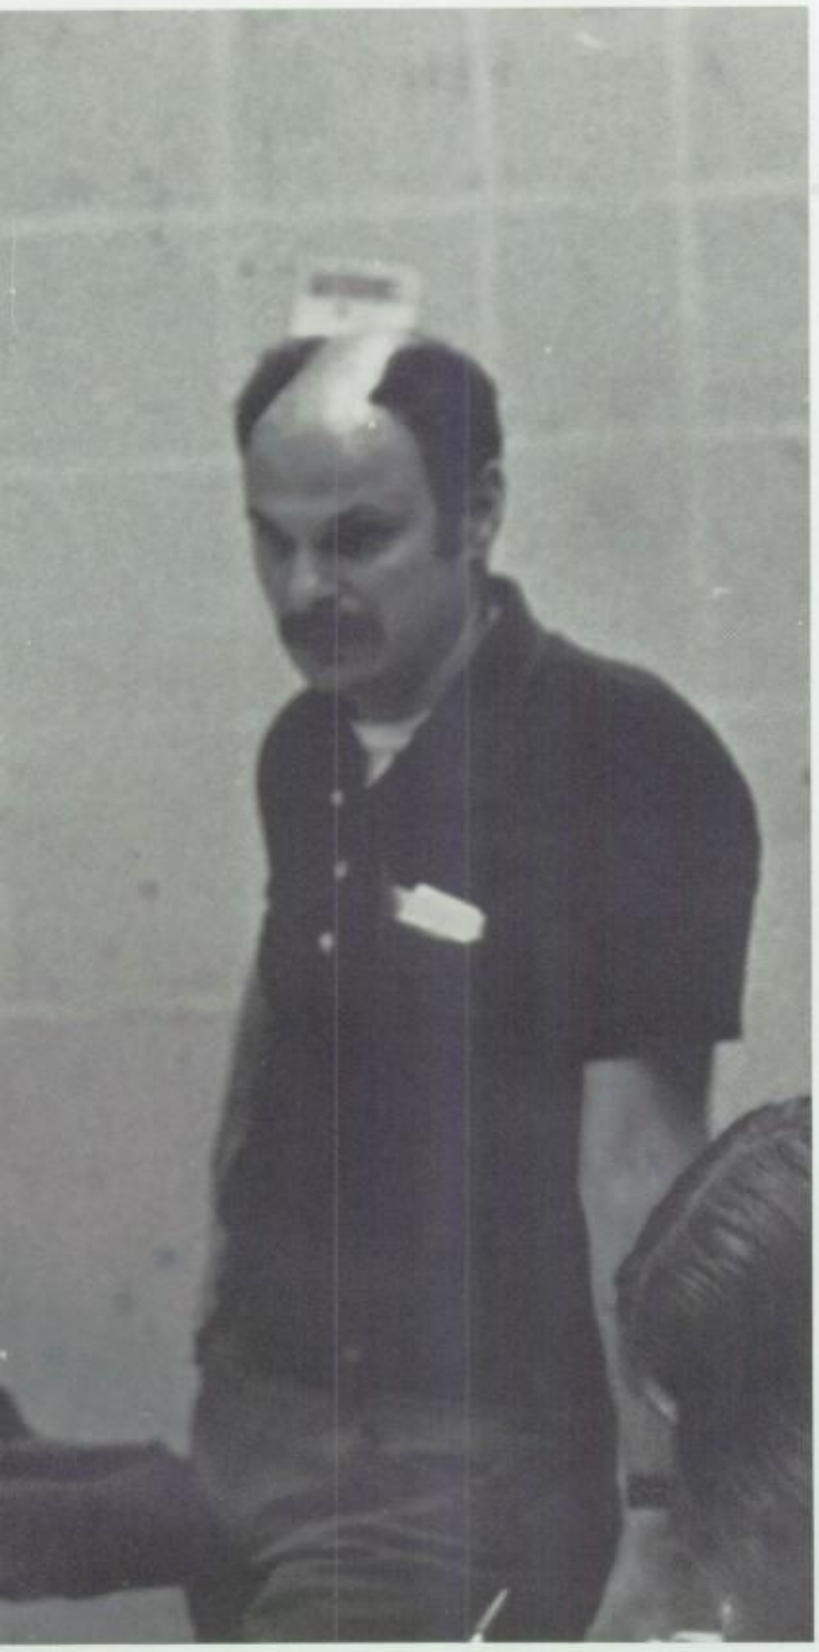
The endeavor began unceremoniously round about July of 1979 and continued eve more unceremoniously up through May 1980 when the books were distributed. *Why d golfers wear two pairs of pants?* The staff discovered during this time that yearboo production is harder than it looks. *LOU!* After the job was complete, the books wer distributed and the final grades were in, however, all of the participants agreed that had been a gratifying, educational and truly nauseating experience. *Who's David*



T.W.S.

Clockwise from above: Carol Burkons (academics) auctions off the "Thinker" by Mike Mugridge to the highest bidder. Sports co-editor, Carol Grassy could have had a very easy senior year without Caldron — *but noooooooooo!* Steve King, activities editor, demonstrates to the eagle eye of a Caldron photographer his main out of shool activity. Caldron advisor and trend setter Lou Salvator models his new "Inverse Mohawk." Nicole Christensen (senior co-editor) goofs off as the rest of the staff diligently prepares for the next deadline. Editors Greg Gillooly and Bob Rosenbaum put the finishing touches on the book as photographer Barb Bray just hangs around.





Memo to CALDRON staff members:
Dear Staff,

It was a hard year for all of us. It involved more work on one subject than any of us have been used to. It caused great pains in the neck (and getting lower) for everyone involved, and at times it seemed like it would never end. But it has, and for us it has been a great experience. We give our humblest apologies to those whom we may have driven a bit too hard, and to those who were not driven hard enough. We ask forgiveness from those whom we asked to stay for the duration of our deadline parties and from those from whom we expected too much. Many mistakes were made, many friendships were challenged, and many inconveniences occurred. But we would not give up those memories for all of the color in the world; and we hope that none of you would, either. Thanks again.

Love,

BLACK AND GOLD

The small, hard working staff of the Black and Gold was successful in putting out good publications this year, according to editor Danny Sands. Advisor Jackie Tappenden was glad that the staff was larger than last year, though it was still small. A good budget along with an enthusiastic staff helped make it a good year for the school's newspaper.

PHOENIX

The Phoenix, Heights High's literary magazine, was headed by editor Sam Bayer and advisor Dr. Roz Englert. The small, dedicated staff put out two publications this year. The staff met weekly to put together the magazine composed of poetry, prose, and art created by the school's students.

CHESS CLUB

Walter Maki was the supervisor of the 1979-1980 chess club. The 15 members met twice a week to play chess and improve their skills. The club sponsored a saturday morning in school tournament. Eliot Spiro was president, Joel Williams vice-president and Ted Friedman secretary-treasurer of the 6th ranked team in the country for 1979.

BROTHERS

We are not a gang, and we don't wish to fight.
We are involved in upholding, what we think is right.
Many people ask, just what is our principle.
School pride and spirit, and being smart and sensible.
Taking a glance at our group, we vary in sorts.
But we have one thing in common, we all excell in sports.
From football to track, and even basketball,
If given the chance, we'd participate in them all.
So as a word to the wise, to pass to one another,
Come to a sporting event and see your favorite BROTHER.

SISTERS

The purpose of the Sisters is to promote the practice of togetherness and sisterhood. The group also adds to the school spirit and morale of Cleveland Heights High. The Sisters hope to establish tight and close relations among themselves and others so that lasting friendships will continue. The Sisters hope to continue to show that "There is Unity in Numbers."

SPANISH CLUB

¡Viva nos! The Spanish Club met about once a month on Thursday afternoon. Their group activities included going out to dinner at various restaurants, Mexican and otherwise, and conjuring their own Spanish concoctions. Throughout the year, the Spanish Club held fund-raising activities of different sorts. The money thus raised provided two scholarships to students continuing in Spanish.

SHALOM CLUB

The Shalom Club, headed by Rita Shtull, had six members in 1979-80. The function of the club is to bring together students who are interested in the Hebrew culture. Through this club, students are able to meet with others who have similar interests. Regular meetings were held and guest speakers were brought in to speak on various topics of interest to the students, other than what they would learn in school.

LATIN CLUB

The Latin Club, the only really *Classic* club in Heights High celebrated another year of existence. Though they were slow in getting started, the *populus Tappendi* succeeded in putting together a generous Roman Feast for Intersession Day. Among other annual events were an academic award trophy given to a student who demonstrates excellence in Latin, and the traditional softball game against the Huns, held in June.

THE LATE SOCIETY

The Late Society was founded by Laurie Bresler and Tonya Sly as a training corps for the perpetually late. Club activities include exercises directed at the developement of and practice of skills such as quiet tip-toeing, effective slinking (into seats), indignant expressions (useful when caught in the act), forging admit notes, and when the notes don't work, convincingly crying. Most members are in homeroom B/215, but membership is open to anyone who wants to come and talk to Laurie or Tonya during homeroom. Remember not to come 'til 10 minutes after the bell, 'cause they'll be late.

Pictured are: Tonya Sly, Steve Gorden, Adam Metz, Mark Keene, A.J. P.O.O.P.

The Paternal Order of Obnoxious People (P.O.O.P.) coagulated for the sole purpose of causing pain and grief to those around them. Having taken credit for causing the premature resignations of three teachers, two hall monitors, and an administrator, the order pronounced its first year a smashing success. In spite of their talents in other areas, the hardest task for the Order proved to be that of being photographed. It took three vigorous attempts for this to be accomplished. After being kicked off the roof on the first attempt, pushed off on the second, and having numerous rolls of film destroyed in between, the green clad provocateurs finally succeeded in their attempts; the results appearing at right.

When asked to comment on the year, P.O.O.P. President, Johnny O., said, "Tuesday's Toesday," stepped on this interviewers foot, and ran away.

DUCKLUB

Behold the duck
it does not quack
a cluck it lacks
it quacks.
It's especially fond
of a puddle or pond
and when it dines or sups,
it's bottoms up.

These awesome phrases by the great Ogden the Mysterious are the foundations of the Ducklub. The club has already established a large freshwater following in marshes and ponds across the country. The group's activities include frequent bread crumb and swim picnics, a group migration to the Okeefenokee Swamp, and the annual Duck Hunters Hunt in the fall.

S.F.T.P.O.C.T.M.C. *

This band of faithful *Another World* viewers joined together in retaliation for the tautological phrase, "Did you see *General Hospital* yesterday?" which has been circulating amongst Heights students of late.

Their support for Another World is based on the precept that "all soap operas are created equal; but some soap operas are more equal than others." It is their hope that life, as portrayed on *Another World,* is attainable. Isn't it the hope of every high school boy to become a junior partner in the most prestigious law firm in the city without having gone to undergraduate school? Or, if you were a teenage shoplifter wouldn't you be relieved to know that you would be accepted into nursing school with no questions asked? It is things such as these that give the members of S.F.T.P.O.C.T.M.C. the will to live.

C.F.E.R.S. (C.F.E.R.S.)

This year the Club For Extraneous Redundancy Society was started for the first time this year with the sole purpose of only preventing the incorrect misuse of unnecessary extraneous redundancy from becoming wide spread,. Members who belong to the club have been fighting the exact same principle without organization for the past many years before they organized together. . So far, , since first organizing this year, , the society has sponsored a very successful "Stamp Out Redundacy II" Campaign, , which was a big hit, , going over very well and meeting up to the expectations of the society, , who backed it up with strong support. . The club had a good, , productive, , enterprising year which was deemed by all of the members of the society as being a very enterprising, , productive and good year. . They were very happy with it. .

FOX HUNTERS SOCIETY

Under the supervision of Mrs. Dorothy Icove, the newly formed Fox Hunters Society experienced a very successful hunting season. Although hunting at Heights was fairly unrewarding, the Hunters did catch two specimens as pictured at left. The "fox" is then rated, listed and released for the further enjoyment of the club.

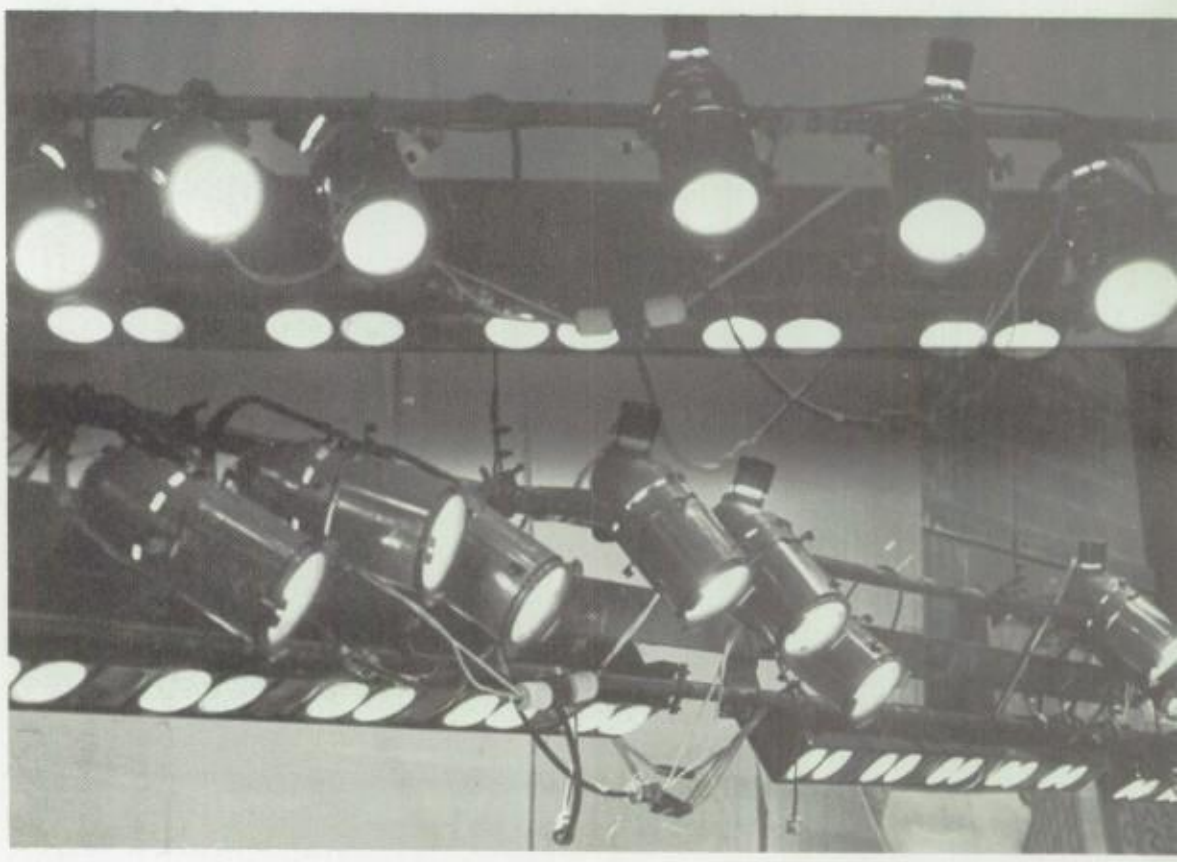
STAGE CREW

God said, "Let there be light" so . . . . . He created Stage Crew. Under the direction of Walter Bujak this year's edition of the Stage Crew strongly believes that the Stage Crew is best personified by its work and not by its faces. Though the crew is small in number it makes up for that in its creativity.

The members of this year's Stage Crew are Gary Welch, Lee Karr, Steve McMillian, Brian James, Bonnie White, and Charlie.



DEBATE CLUB

This year's topic for debate is "Resolved: The United States should significantly change its foreign trade policy." This year's team is coached by Mr. Walter Maki

They practice their cheers monthly and sponsor two dances every year. The Boosters are advised by Mr. William Tartar.

CLOSE-UP

Close-Up is a trip to Washington D.C. that is sponsored by the Social Studies department every year. While in Washington, the group tours the Capitol and gets an inside view of the Executive, Legislative, and Judicial branches of the United States government. The group meets lobbiests, media personnel and Congressmen and attends workshops.

The students that participated in Close-Up this year are: Roger Rodgers, Susan Coleman, Peter Machlup, Julie Sweeney, Darlene Tinsley, Suki Schmelzer and advisor Walter Maki.

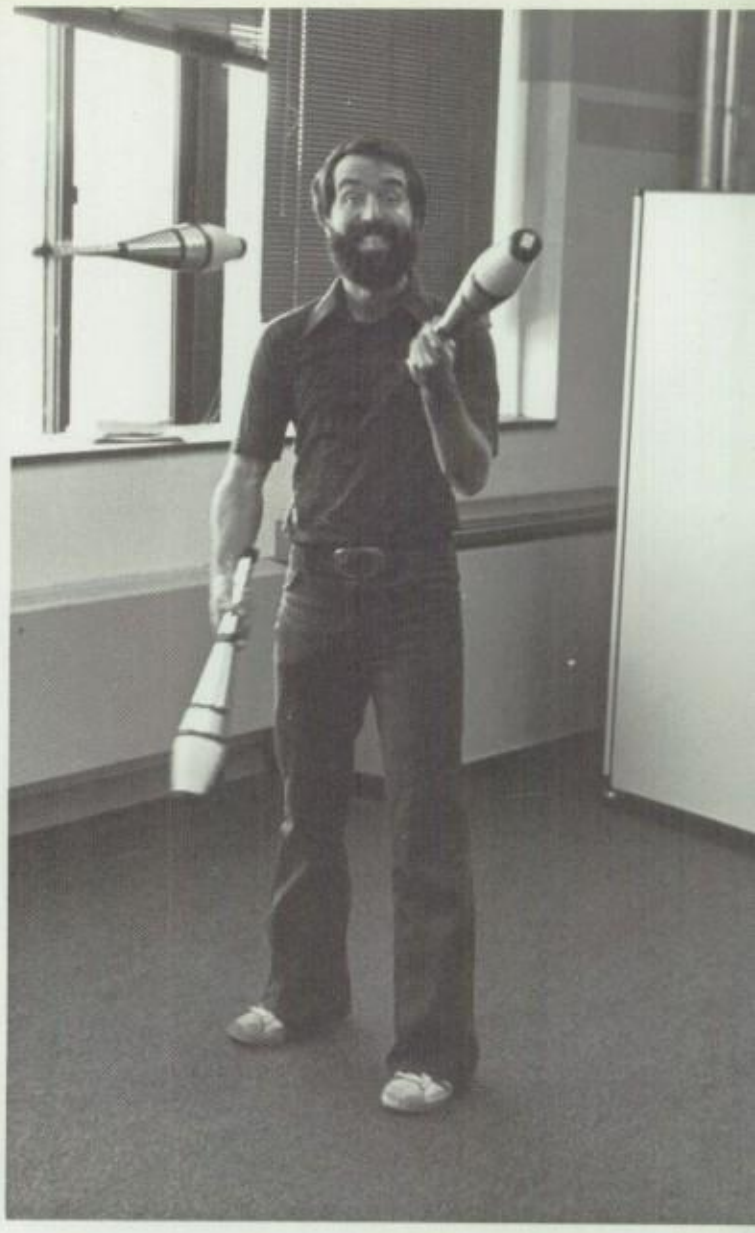
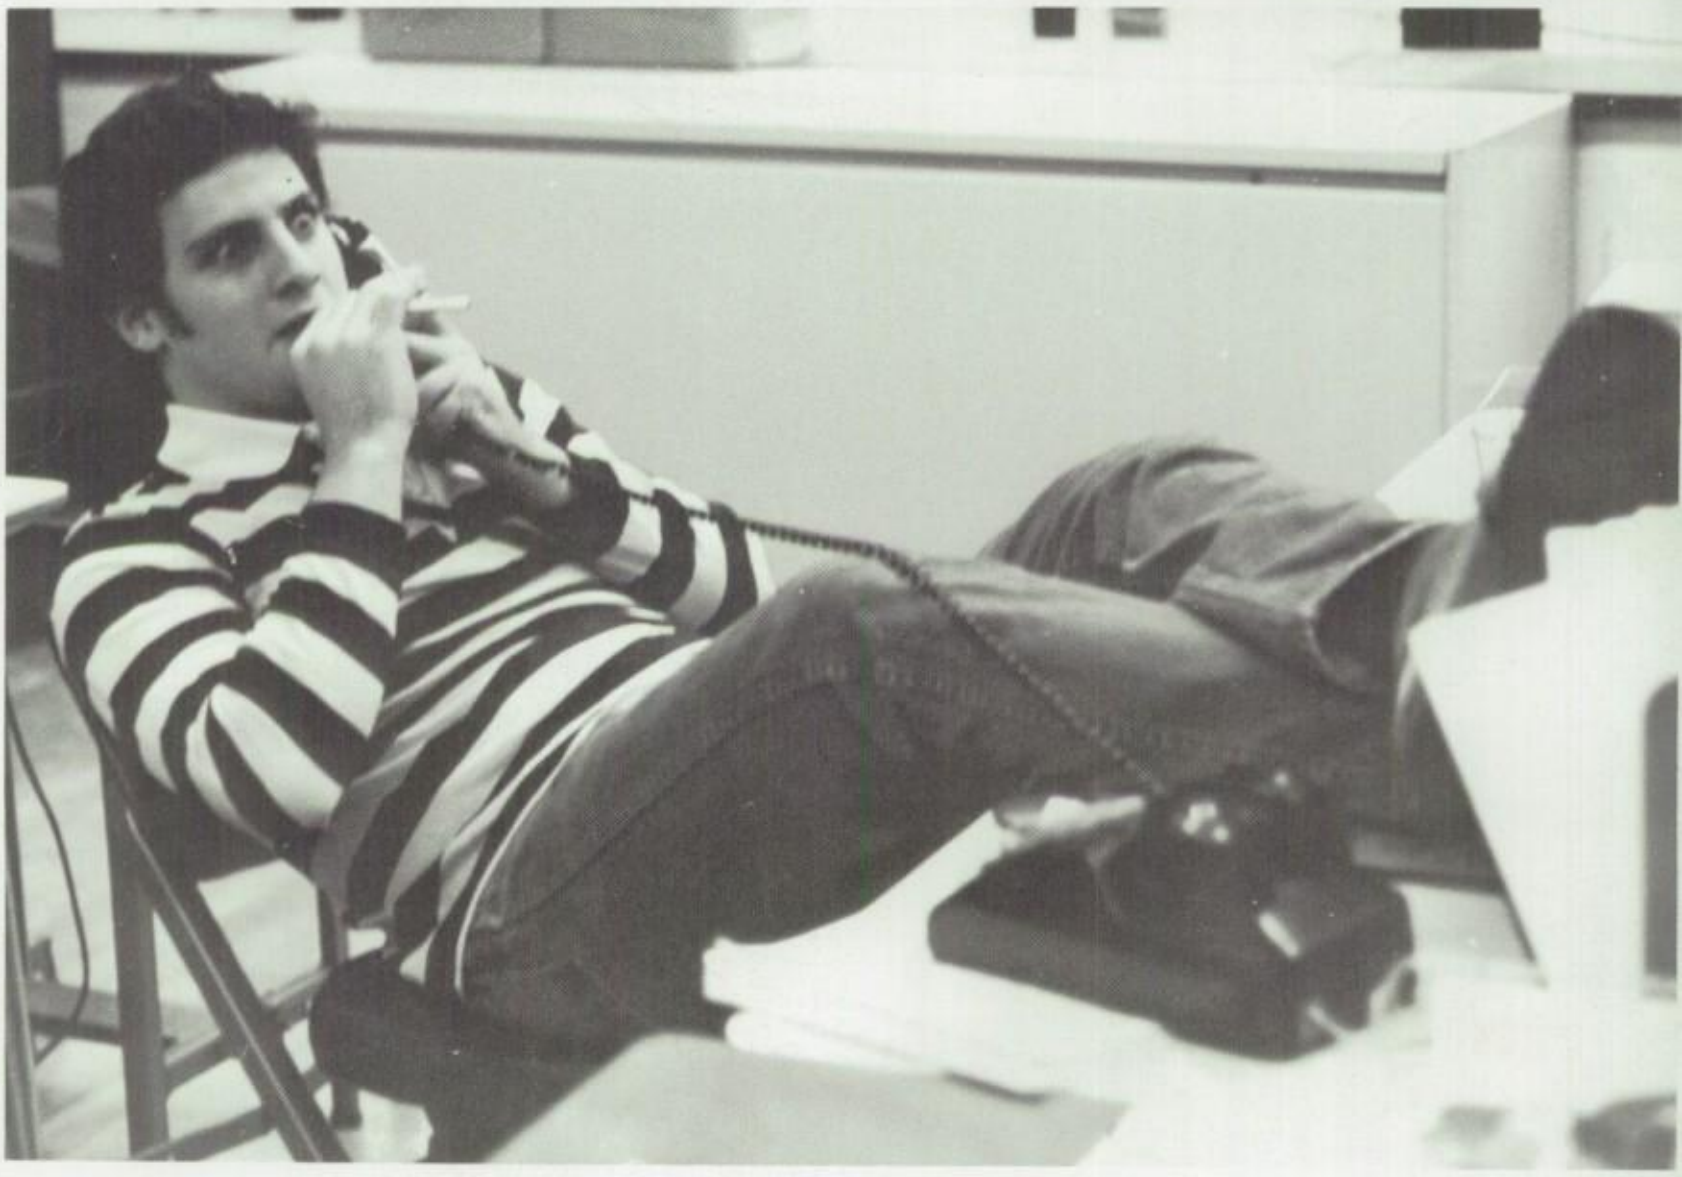
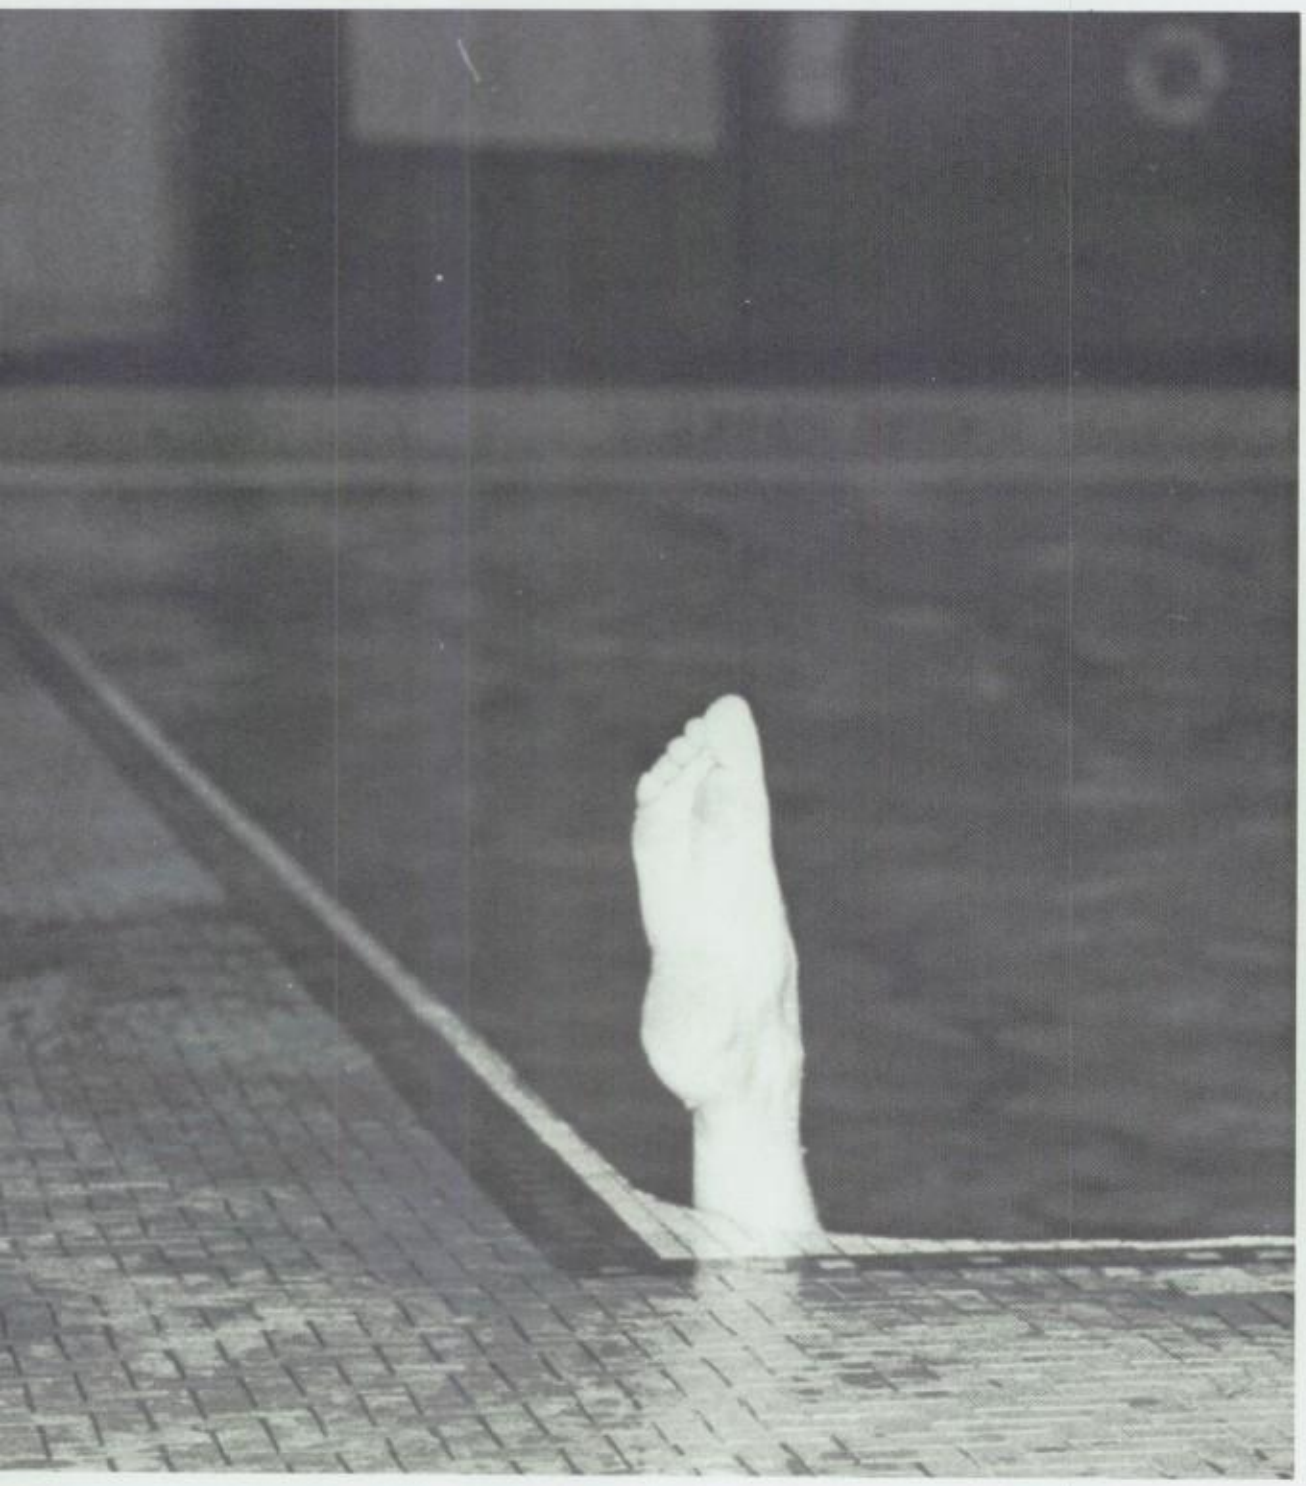
Mr. Dubovec; he just came along for the ride.







SAX SOCIETY

In only its second year of existence the Sax Society continued to overcome overwhelming odds and almost overnight seemed to oversee all of the overt activities undertaken by the student body. The members of the group worked well together, succeeding in subjecting hundreds to their saxual overtones through the use of school publications and the like. According to members, the high point of the year was having sax in the Heights Symphony Orchestra. Commented one saxist, "There should be sax in every orchestra - just to break up the monotony. "

Row 1: Dave "Oversaxed" Israel, Jim "Sax Cymbol" Goldstein; *row 2;* Mike "Bisaxual" Lee, Bobby "Straight Sax" Rosenbaum, John "Whatsasax" Egar; *Not Pictured:* Robert E. Bergantino (Commander in Sax), James W. Bane (Advisor in Sax), Dan "Cheap Sax" Moonan.

THE GRAMMAR SQUAD

The Grammar Squad, they meeted together just to get its picture in the yearbook; under the pretext of making people to talk gooder) Co - presidents Greg "Mixed Metaphor" Gillooly Tren "Dangling Participle" Cheshier, Paul "Comma Splice" Mattes, Steve "Misplaced Modifier" King, and Sam "Indefinite Antecedent" Bayer. "One should talke the way you were taught" is there motto. They were glad (really) that our picture got placed into the yearbook.

N.S. BULLETIN FAN CLUB

The New School Bulletin Fan Club was created to applaud the efforts of the incurably literate writers of the weekly escapade into outrageous "wit" and lyric triviality known as the New School Bulletin. In their travels, the bulletin writers/editors encountered scores of people who had heard of the bulletin, or had at least wanted to (or so we told them). The club grew so large that it became necessary to form the New School Bulletin Fan Club Fan Club, which now boasts of over 2000 members (there are actually 33, but they boast of more). There used to be other members, but they were dismembered.

LUNATIC PRODUCTIONS

Lunatic Productions is the only group at Heights to take offense at being called an organization. Its headquarters, or hindquarters, as its members insist, is not located in Ohio, but rather in the neighboring state of Chaos, frequently referred to as the only state in the Union. Operating under their slogan, "Sanity is just a nasty rumor", the ultimate aim of this group is to lose all grip on reality. The very existence of the group attests to its success, and, having fulfilled its primary goal, the members of Lunatic Productions spend most of their time inflicting their views on others.

PROCRASTINATORS' SOCIETY

One of the least useful, and therefore most important, of Heights High's organizations, the Procrastinators' Society champions the day - old axiom, "Never put off until tomorrow what you can get away with not doing altogether." As a suitable gesture, the groups' annual Christmas party was delayed until May, and the yearbook photo session was postponed indefinitely.

Not Pictured: Steve King, Jenny Newman, Leila Amra, Betsy Fagan, Greg Gillooly, Lisa Barret, Pat Sage, Lou Salvator, Eric Yeager, Virginia Minor, Tricia Mooney, Ron Williams, Stacey Sterling, John Fleming, Carol Burkons, Peter Conces, Kristina Kuprevicious, Alissa Shuster, Judy Domholdt, The Doctors Englert, Mike Lee, Susan Schwartz, Betsy Eppig, Leo Dombrowski, Jenny Roll, Sam Bayer, Kung Ko, Katie Feher, Dana Lerner, Joe Black, Tammy Strom, Aileen Thompson, Grant Franklin, Bobby Rosenbaum, Sue Gardner, Nicole Christensen, Carol Grassy, Katie Jones, Rick McKinley, Clif Steinberg, Bobbie Bergantino, Colleen Fahey, Bob Malkin, Jazz Egar, Molly Ganger, Leslie Wines, Betsy Gerhart, Amy Berman, Mike Mugridge, Brian Lally, Josette Mularo, Robin Cherry, Harley Miller, Rick Porello, Rick Smith, Thurmond Brently, Claire Eichorn, Dave Anderson, Mr. Wisely, Chris Kondo, Amy Russ, Debbie Polen, Karen Oster, *continued on page 278.*

S.C.S

The Shaker Crazy Society, formerly the Shaker Weirdo Society, is a peace offering from Shaker Heights High School. It is composed of a group of very friendly individuals who appear to be the most human in their school. When asked about the philosophy of his group, El President de Todo John Jordan remarked, "Kermit Loves You!" In their home environment, SCS members are looked down upon as being rebels, non - conformists, and troublemakers. We are of the opinion that these people are not worthy of such status or acclaim. In the interest of fairness, we include these persecuted people in our yearbook. *(The opinion expressed in the preceding paragraph is not necessarily that of Cleveland Heights High School nor its affiliates, subsidiaries, or associates. Actually, the only person that really believes it is Greg. One of these days, Greg, you will learn to keep your mouth shut.)*

he members of the Shaker Crazy Society, a few of which are pictured, include the following people: PDT John Mordan, SVP Robin Rustad, JVP Allen Sickling, CB Mike Lynch, SCH Kathy Kirby, SC it Freund, T. Debbie Weiner, G. Keith Conner, D. Teddy McClean, DH (V.I.W.) Kevin Snipes, AA effrey Johnson, Lisa Stevens, Alex Miron, Chip Freund, Kathy Roth, Victor Sharp, Lynne Miller, heila Hall, Tracy Barry, Alice Richmond. CHHS Branch: CHHSP Eliot Cook

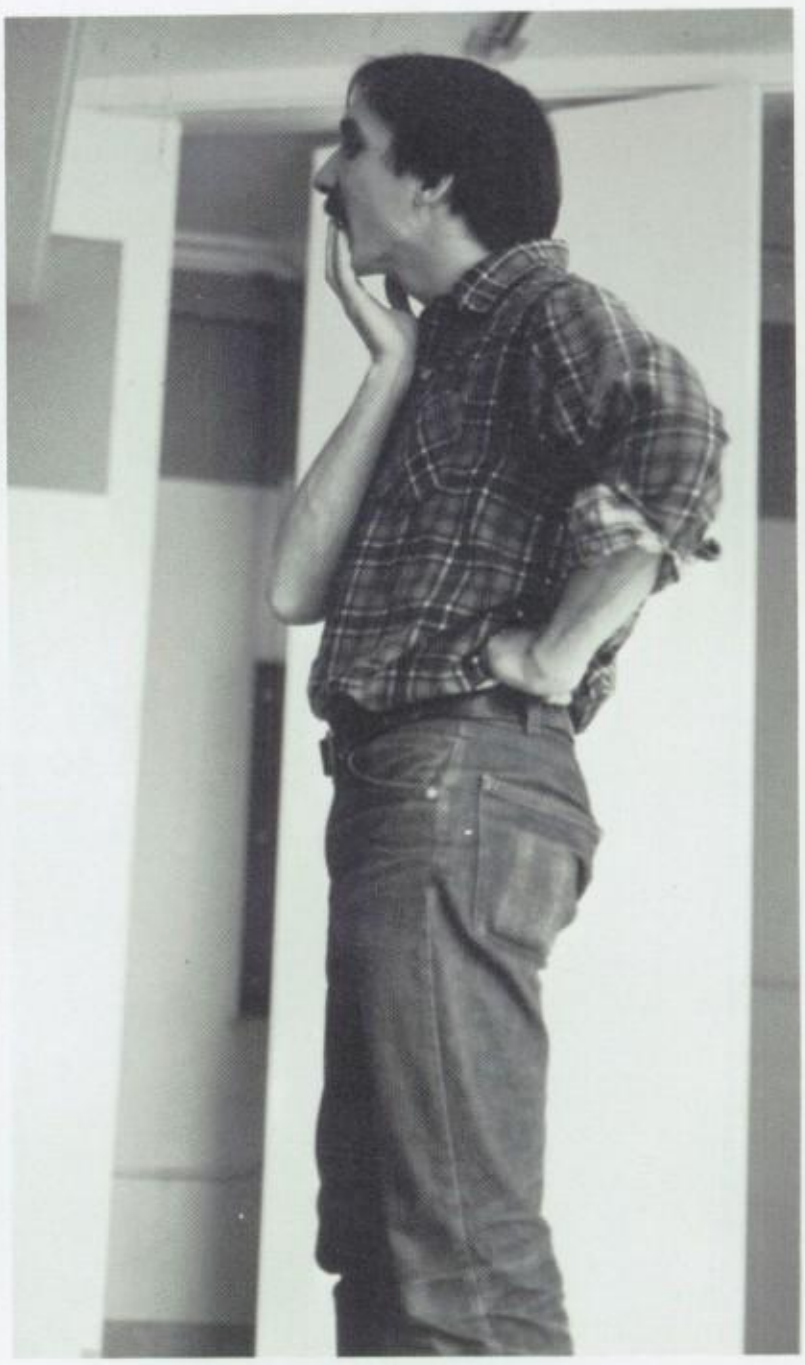
DRAMA CLUB

The Drama Club had a busy year. The group met after school and attended a few workshops, including one at Cleveland State University. Their production of "Antigone" at Heights was a success. Frank Walters, the head of the club, and the 40 members attended and studied plays around the community. Some of the students worked in plays at the Dobama Theatre, the JCC, the Lakewood Shakespeare Festival, and the Cleveland Playhouse.

Right: Drama Club members stalk a desk.

Drama Club members Tom Daily, John Rankin, Charlie Evett, Tony Phelan, Barry Martin, Ben Evett, and Robert Brugeman in a rare moment.

During the year, Drama Club sponsored many acting and stagecraft workshops at Heights High, which were both fun and informative. Shown below is a scene from the stage fighting seminar.



Jay Daniels, Gloria Merles, Dawn Pinkney, Suzy Engleberg, Ann Donkin, and Jessica Reid herald the discovery of Drama Club advisor Frank Walters.

STUDENT COUNCIL

President Danny Sands and one hundred and three members were active in the 1979-80 student council. Enhancing an integrated social atmosphere within the school and getting the council more involved with the school's governing were the year's major goals. Treasurer Ben Robinson and secretary Katie Jones kept themselves busy managing the funds from council sponsored dances and movies. These funds will be used toward the betterment of Heights High School.

The A.F.S. Club, headed by Chris Fusco, is an extention of the local parent's chapter of the American Field Service. The group was formed to help foriegn students on the A.F.S. program feel welcome and enjoy their stay in this country. This year there were three A.F.S. students at Heights. They are Diana Cordoba from Argentina, Rebecca Garnett from Australia, and Lise Jaastad from Norway.

The A.F.S. Club operated an after-school snack bar and held a Valentine's Day flower sale as fund raisers. They also participated in an international dinner and a theatre party with the Parent's Chapter.

Only one Heights student travelled abroad with the A.F.S. program this year. Julie Franklin spent the year in Japan. The club hopes for more student involvement next year.

UNIT C CLASS COUNCIL

The 1979 - 1980 Unit C Class Council is a small group of students under the guidance of Mr. Kleve. As sophomores, the council is spending most of its time planning for the next year.

In the fall, members attended a workshop on raising school spirit at Bay Village High School.

A third place ribbon was awarded to Unit C for their contribution to the Homecoming Parade.

Looking forward, the council plans a candy sale, the election of officers, and a contest for a class motto.

Sitting (L to R): Francine Erenberg, Shari Shapiro, Michelle Polen, Betsy Eppig, Rassoul Termouri. *Standing:* Mr. Kleve, Donna Hervey, Lorna Rushford, Tom Nash, Christian Hopfer

Jennifer Clark was chosen as the Sophomore Theme Day winner for her imitation of Dorothy from *The Wizard of Oz.*

Paul Schmidt as Tim Conway's ninety eight year old Maestro was also chosen by the Theme Day judges as the Junior winner.

Pauline George tied as the Junior Theme Day winner with her portrayal of Scarlett O'Hara from *Gone With the Wind.*

The Varsity Football Team had an exceptional year compiling a 6-1 record in the Lake Erie League and a 7-3 record overall. One of the strong points of the team was its consistently solid defense. The offense had trouble in their passing attack but their running game was supported by Tim Starks and Anthony Hood. The football team had three offensive and three defensive players elected to the L.E.L. All Star Team. For the offense, Gary Gamble, Tim Starks, and John Lauretig were honored. For the defense Paul Owens, Ray Burger, and Ron McCutcheon were chosen.

SOCCER

"The lacking offense put a tremendous amount of pressure on the defense," stated coach Chris Fusco of the varsity soccer team. The team was only able to score eight goals this season which is the main reason why the team finished with a disappointing 1 - 13 record. Coach Fusco stated this season was ". . . bound to happen with an all senior graduating team the previous year." He is confident next year's team will improve with the help of returning letterman Jim Santiago and several starting juniors.

Senior letterman Dave Duncan added that the team did relatively well in sectionals, placing fourteenth out of twenty teams. With junior letterman Roger Vichil and sophomores Brian Fisher and Tom Szuc returning, next year's team should show much improvement.

VOLLEYBALL

The Heights volleyball team placed third in the Lake Erie League this year with a respectable 8 - 6 record. Captains Lavonne Kane and Diane Julin, along with Jane Yoder, Chris Kondo, and Katie Kerrigan, were the base of this years team. Coach Jackie Spencer thought this year's team faced an introductory year, refering to the team's new schedule where every team plays each other twice. Coach Spencer thought the team lacked spikers and hard hitters but with nine returning lettermen, Coach Spencer feels the next few years will be rewarding.

Senior Tina Elia and sophomore Cimi Cabimen also helped the volleyball team considerably this year. Like the varsity, Coach Spencer thought this season was exceptionally tough since they had to play every team in the LEL twice. With Karen Gorman and co - captain Yvonne Wallace returning, Coach Spencer feels next year's team will show much improvement.

"Balance and depth have been the strength of this year's team," remarked Coach Bill Reed. "Many players were standouts this season, however, we had consistently outstanding play from our senior captains Bill Beard, Marc Castro, and Carl Moose. Joe Ceruti and Neale Gentile were also very steady performers." The Cleveland Heights Hockey team completed their 1979-80 season with a 15-5-0 record overall and a 10-2 tally in the LEL. Coach Reed believed that Sophomore goalie Carl Anderson and junior Doug Weir were the most improved players this season claiming they have "developed the spirit of determination and necessary confidence to become steady performers." Coach Reed was "basically pleased with the hockey team's 1979-80 season, but had hoped for the LEL championship and was disappointed the team had not won the Thornton Holiday Tournament. Considering all things, this season could be labeled a success." With eight sophomores and juniors returning to next year's squad, along with many new players from the Cleveland Heights midget program, Coach Reed is "looking forward to the new appearance of next year's Tigers."

The Women's Varsity Basketball team placed fourth in the LEL this year with an 8-6 record in the league and a 12-7 slate overall. Although coach Fred Mills acknowledged the fact that his team was the shortest in the league, he praised the quickness of the group and the performance of All-LEL stars Crystal Robbins, Bonnie Kane, and Fran Clark. Coach Mills was happy with the way the team "came together in the last four games." The girls squad recorded impressive victories over Shaker and Beaumont in post-season play. In general Coach Mills, in the three years he has coached basketball, has been "pleased with the development of girl's basketball" and predicts it "will become increasingly appreciated in the years to follow."

"Accurate shooting and a good defense were the girls' strong points," stated coach Amy Davies, "Although excessive injuries hurt the team somewhat." Coach Davies believed there was a "lack of cohesion" among in the squad, but was proud of the play of Kim Bray, A. J. Lightning, and Cheryl Price.

Strong rebounding and much improved play from Dave Struthers and Marvin Satterfield helped to lead the Heights Basketball team to a successful 8-6 record in the LEL and 10-10 overall. "Better than average play from the bench and competitive shooting from co-captains Russel Toppin and Norman Perkins provided a strong backbone for the team and were the key to the team's success this season." Disappointed with the Tiger's win-loss record, Coach James Cappelletti claimed that "Heights' basketball schedule was the second or third toughest in the city." An outstanding group of ten lettermen are returning to next year's varsity squad, including juniors Dave Struthers, Marvin Satterfield, Bill Eanes and Wes Mitchell.

Coach Watson was also proud of the play of Kevin Banks, Andrew Butts, and Vincent Johnson, but later commented, "For better results, the team needed more dedication and discipline during the playing year."

Senior Class Council

The Unit B Class Council, under the leadership of officers Sam Bayer, Robin Birrer, Gorye Chin and Bob Oscar continued many Heights High traditions as well as becoming involved with various new projects. Besides holding the second annual Unit B carnival and the Santa Claus pictures, the Council attempted to raise spirit by selling class T - shirts. Other events sponsored by the group were a Skate - A -Thon, Prom at the Crawford Auto - Aviation Museum, and an effort to raise money for the new track and field facilities at Heights High. The Council worked hard to make the first class of the eighties a class to remember.

Being a Senior at Heights is . . .

- like visiting your Grandmother's house; it's a nice place to be for awhile, but I wouldn't want to stay there forever!
- spending days, in fact months writing your first name last, middle initial middle and last name first.
- opening your mail and finding out you are not going to graduate because the librarian has lodged a complaint against you.
- better than being a junior, and a lot better than being a sophomore.
- finally memorizing your student number three weeks before graduation.
- wild as wang!
- being able to goof off second semester because you have already been accepted to the college of your choice.
- well . . . actually it's hard to describe!
- discovering that BAT is not an extended ROTC program.
- like being a tree; by spring you are ready to leaf.
- only a moment; a memory.

Continuing a Heights tradition, this year's senior class played that death-defying game known as Assassination! Over one hundred seniors were sent out on assignment, armed with dart guns. Killings were carefully planned and executed, often late at night. The coroner for the game, Bob Burney, reported the first three killings as: 1. Jeff Basch shot down by Heidi Jeffries, 2. Claire Dickson by Sue Gardner, and 3. Judy Simon by "Quick Draw" Bob Rosenbaum, in self-defense. *At right:* A near miss by "Sure-shot" Rich McKinley is counteracted by a rear assault on the part of Dean Frazier, as a masked Paul Appleton adds a sense of authenticity to the scene.

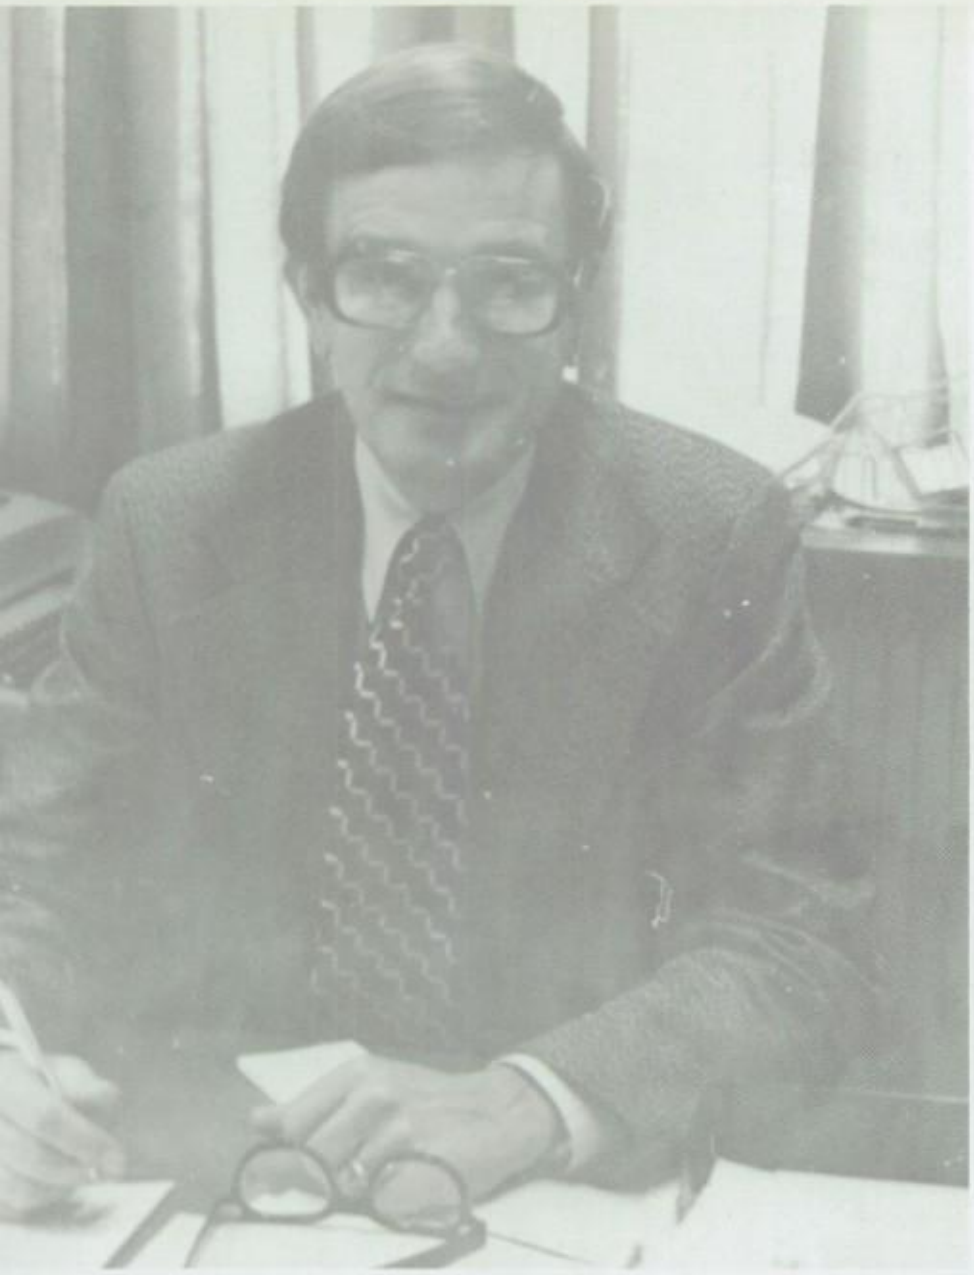
MAIN OFFICE



The administrators who work in the main office are the major reasons the school runs smoothly. The office staff led by Administrative Principal Michael Ferrato and Assistant Principal Edwin Galley are the guiding lights of the school. At the beginning of the school year they put into effect a new set of regulations for the school. These policies were instated as an extra measure to insure the efficient running of the school. With leaders such as Mr. Ferrato, Mr. Galley and assistants the caliber of Mrs. Bixby, Mrs. James, Mrs. Blott and Mrs. Griffith it is certain Heights will remain one of the best high schools in the country.

(Below) Ms. Ackerman speaking at an Accomplishment Assembly.

This year Unit A, under the direction of Ms. Patricia Ackerman has initiated an Accomplishment Program. The program is designed to promote achievement among this year's junior class that will have long range effects. One fourth of the junior class has made a commitment to one or more common interest groups within the program. Each group will promote success by incorporating the seven concepts of commitment, creativity, communication, coping, character, credentials, and charisma. The program will be executed through group interaction, structured exploration experiences and presentations. The Unit A Accomplishment Program should give those who participate a greater understanding of themselves, their potential and their future.

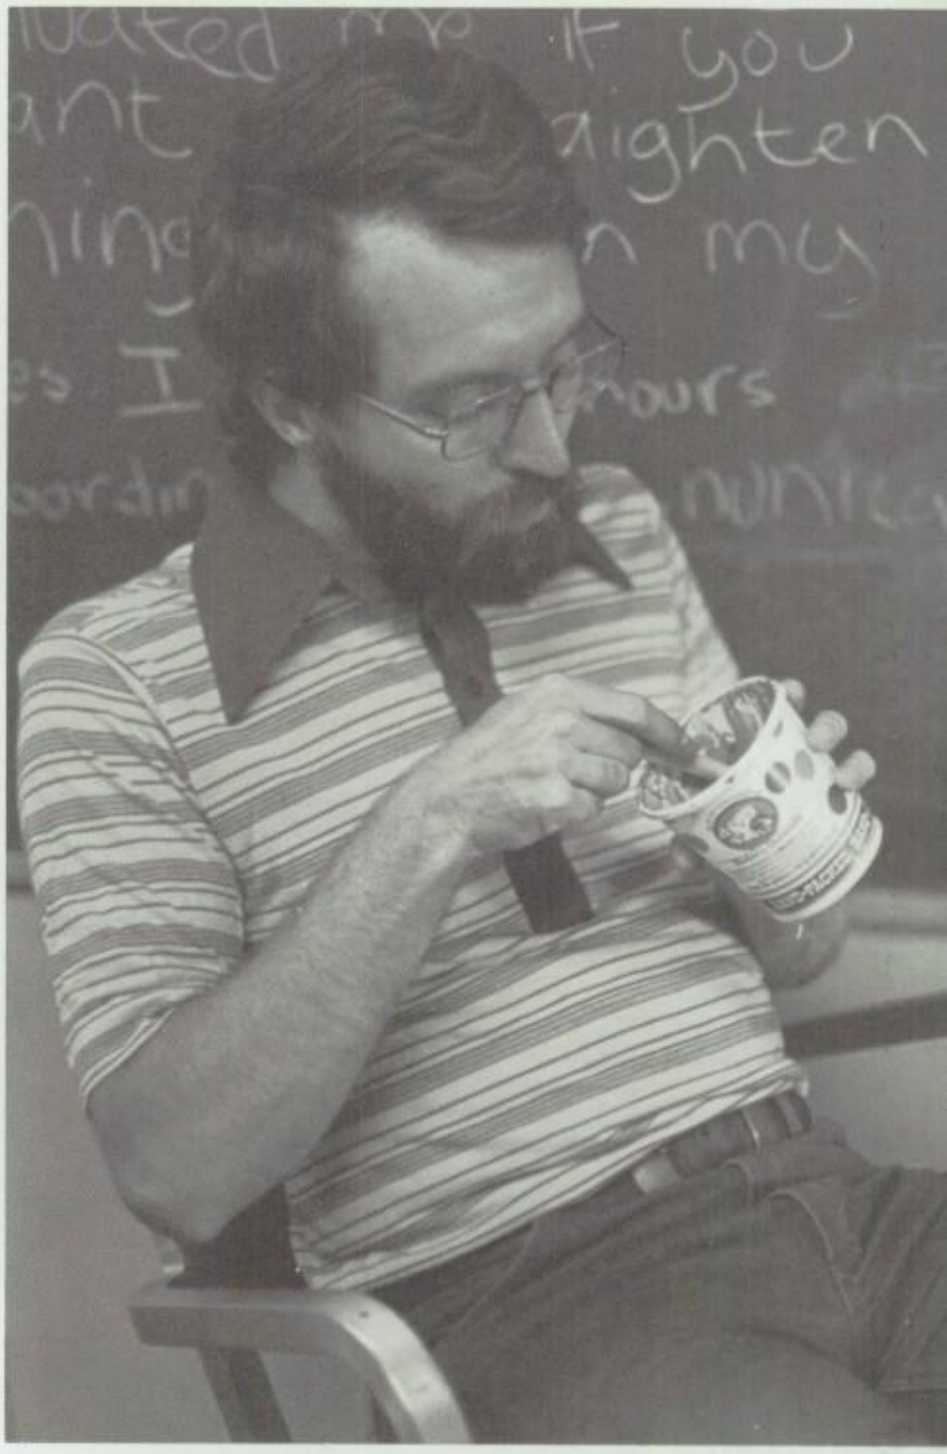
NEW SCHOOL



New School has been involved in many exciting activities including participating in the Rapid Recovery Program which is designed to clean up the hillsides surrounding the Cleveland Rapid tracks. Sixty New School students cleaned away five truckloads of garbage and cultivated the hillside. Working on Rapid Recovery helps to fulfill the service requirement of New School students. Participation in the Rapid Recovery Program is an ongoing public service project of New School.

New School students also attended an Alternative Education Conference at Penn State University where they participated in workshops to learn more about other Alternative Education Programs and their problems. The workshops were run entirely by students.

In October, fifteen New School students traveled to Algonquin Provincial Park in Ontario. It was a back packing and canoe trip in which the students were able to practice their learned survival skills.

In addition to these extra-curricular activities, New School students are diligent about their academic studies inside of New School.

C.O.L. III

Col III gives the students the most individual help of all the Alternative Education Programs. The classes in Col III are small and allow for the 1:1 relationships needed by some students. The teachers feel closer to the students because they deal with them not only on an academic level but a personal level as well. In Col III academics are not the only things stressed. Behavior is a part of the program in Col III to help the students function well in the community. From the students point of view, Col III gives them more in that the teachers aren't only teachers they are friends as well. This makes for better teacher-student relationships.

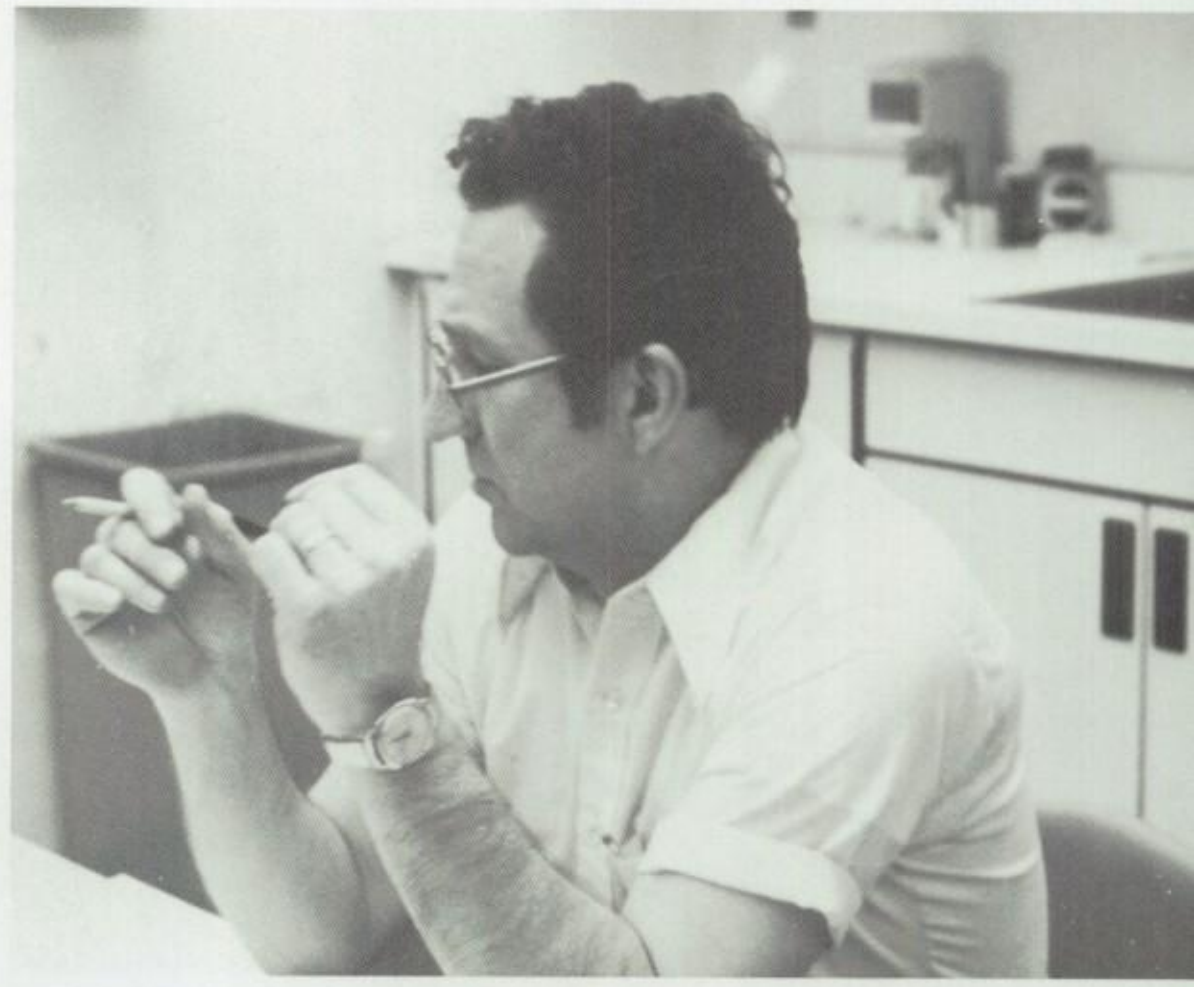
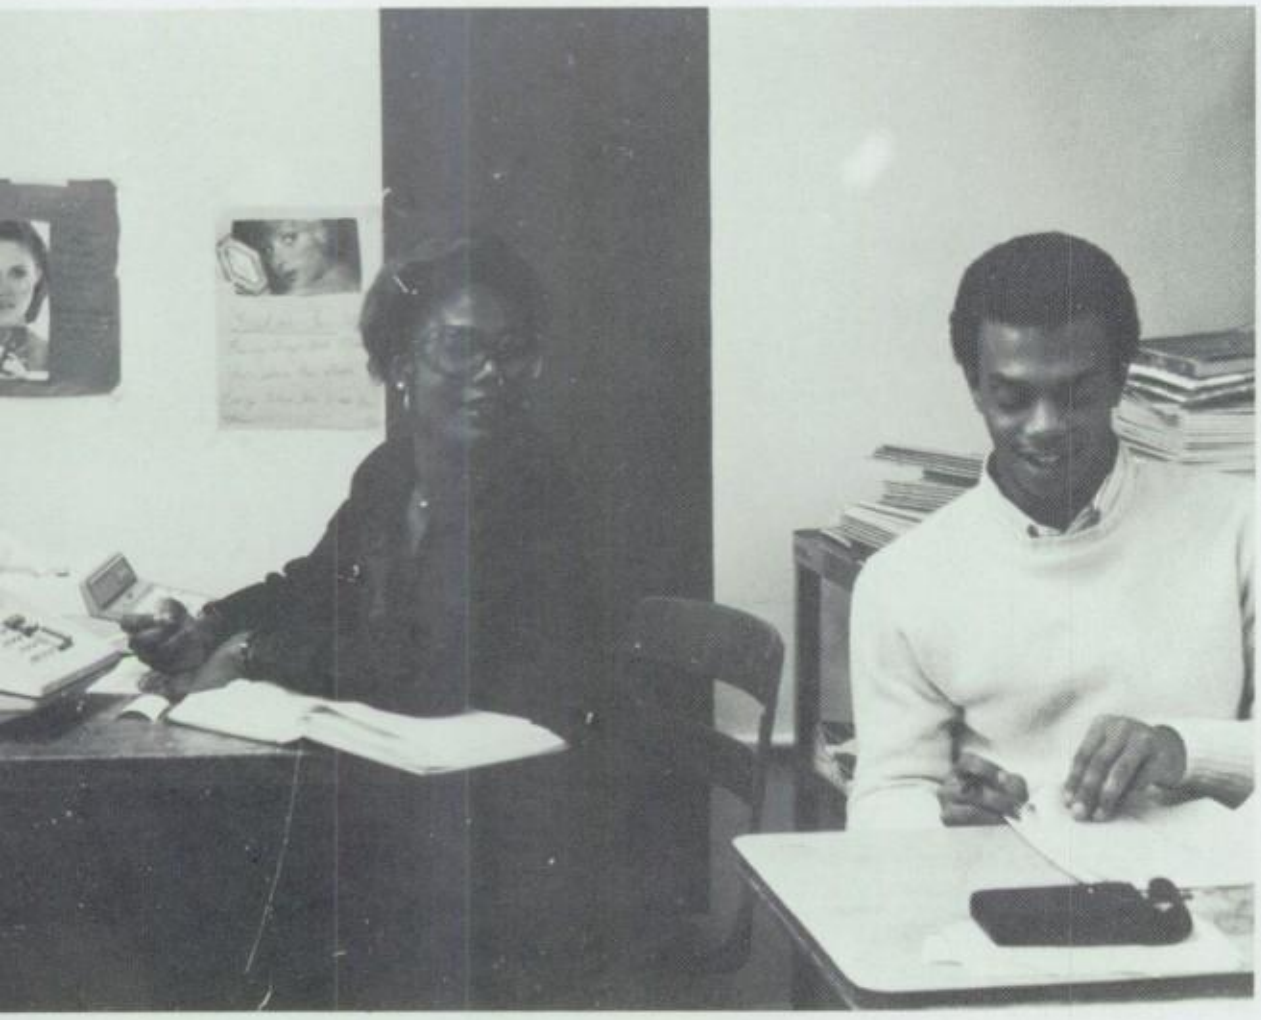
VOCATIONAL EDUCATION

The Vocational Ed. Program gives the students who participate in it a different course of action. There are many advantages for the students in Voc. Ed. The students acquire skills that can place them in a higher salary bracket while still providing them with the ability to pursue a degree at many colleges and universities. The Distributive Education Program is a little known part of the Voc. Ed. Program. The classes in Distributive Ed. teach the students marketing, retailing and managerial skills. The participants in Distributive Ed. are given jobs in the community where they can use the skills they are taught. Juniors and seniors in Voc. Ed. are permitted to participate in the Vocational Co-Op programs. In these programs the students are given the opportunity to earn money while still at the high school level. This allows many students to continue their secondary education. Everyone who participates in Voc. Ed. benefits from the career explorations that are offered to them. This kind of exploratory career involvement can give the student a chance to try out the career choices they are interested in.



BUSINESS ED



The Business Ed. department consists of business courses a student can take for either personal needs or for use in a vocation. The classes are open to all tenth, eleventh and twelfth graders. Some of the courses available are Business math, Business law, and Accounting. The contemporary business courses offered are geared towards helping students become mature and functioning adults.

Monitor Tommy Bell keeps his bulletin board up to date.

Dr. Leatrice Rabinsky led twenty students from the Literature of the Holocaust class on a Journey of Conscience. The purpose of the trip was to educate these students on the events of the Holocaust in order that it not be forgotten. The group arrived first in Poland where they visited the deserted Nazi concentration camps and the Warsaw Ghetto. Dr. Rabinsky also led the group through concentration camps and to newly erected memorials in Austria and Hungary, and to Anne Frank's home in Holland. While in Austria the group was invited to the American Embassy for dinner with the Ambassador, Mr. Wolf.

The students learned about the events of the Holocaust not only through observation but from first hand accounts. Two of the trips advisors, Dr. Leatrice Rabinsky and Mrs. Bertha Lautman, survived the Nazi concentration camps. After two and a half weeks of travel in Eastern Europe, the Journey of Conscience arrived in Israel where the group visited the cities of Tel Aviv and Jerusalem.

For all involved the Journey of Conscience was a fulfilling experience, combining the tragedy of the millions killed with a sincere hope for the future.

CLEVELAND HEIGHTS HIGH SCHOOL QUALIFYING EXAMINATION

This test is designed to measure your ability to write clear and effective prose in standard written English, assess how well you understand and interpret works of literature, determine your understanding of the development of Western and non-Western cultures, measure your knowledge of college preparatory mathematics, examine your comprehension of the advanced sciences, and evaluate your ability to express your thoughts totally and intelligently.

There are 10 points possible for each question, excluding the 20 points available for the extra credit.

Instructions: Read each question carefully. Answer all questions. Time Limit: 4 hours. Begin immediately.

HISTORY: Describe the history of the papacy from its origins to the present day, concentrating especially but not exclusively, on its social, political, economic, religious, and philosophical impact on Europe, Asia, and Africa. Be brief, concise, and specific.

MEDICINE: You have been provided with a razor blade, a piece of gauze, and a bottle of Scotch. Remove your appendix. Do not suture until your work has been inspected. You have 15 minutes.

PUBLIC SPEAKING: 2,500 riot-crazed aborigines are storming the classroom. Calm them. You may use any ancient language except Latin and Greek.

BIOLOGY: Create life. Estimate the differences in subsequent human culture if this form of life had developed 500 million years earlier, with special attention to its probable effect on the English parliamentary system. Prove your thesis.

MUSIC: Write a piano concerto. Orchestrate and perform it with flute and drum. You will find a piano under your seat.

PSYCHOLOGY: Based on your knowledge of their works, evaluate the emotional stability, degree of adjustment, and repressed frustrations of each of the following: Alexander of Aphrodisias, Ramses II, Gregory of Nicea, Hammurabi. Support your evaluation with quotations from each man's work, making appropriate references. It is not necessary to translate.

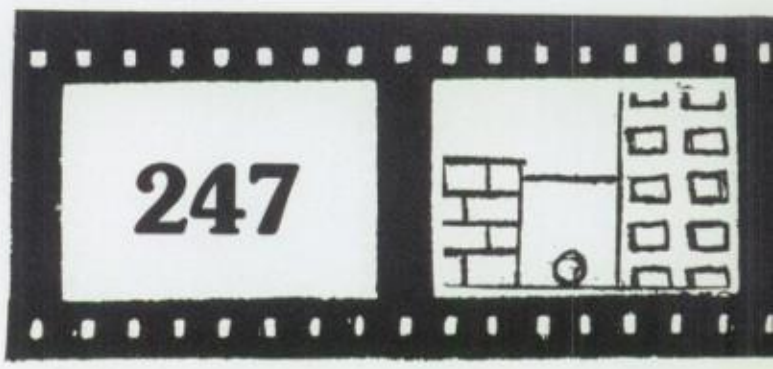
SOCIOLOGY: Estimate the sociological problems that might accompany the end of the world. Construct an experiment to test your theory.

ENGINEERING: The disassembled parts of a high-powered rifle have been placed in a box on your desk. You will also find an instruction manual, printed in Swahili. In 10 minutes a hungry Bengal tiger will be admitted to the room. Take whatever action you feel appropriate. Be prepared to justify your decision.

ECONOMICS: Develop a realistic plan for refinancing the national debt. Trace the possible effects of your plan on: Cubism, Donatist controversy, wave theory of light. Outline a method for preventing these effects. Criticize this method from all points of view. Point out the deficiencies in your point of view, as demonstrated in your answer to the last question.

POLITICAL SCIENCE: There is a red telephone on the desk beside you. Start World War III. Report at length on its socio-political effects, if any.

EXTRA CREDIT: Define the universe. Give three examples.



TEACHERS STRIKE

The beginning of 1980 signaled the first major contract strike in the eleven year history of the AFL-CIO Teachers Union in Cleveland Hts. After twelve months of negotiations with little progress, all signs indicated a long strike. As the Board of Education prepared to staff the schools with paid substitutes, eleventh hour bargaining continued. By the time the picketing began on January 10, 1980, a preliminary agreement had been reached. Both sides of the bargaining table were forced to give in on various demands, and both sides suffered bruised principles. Because of the last minute agreement, however, the strike *was* mercifully short, disrupting school for only two days. It was not long before proper education was resumed.
